

INTERNATIONAL SCIENTIFIC CONFERENCE

eLearning and Software for Education

Dear colleagues and friends,

We are delighted to announce you that on April 19th - 20th 2018, will take place the 14th edition of the **eLearning and Software for Education Conference - eLSE 2018**, in Bucharest, Romania. The event is organized under the patronage of "Carol I" National Defence University and European Security and Defence College (ESDC).

The purpose of the annual international scientific conference on "eLearning and software for education" is to enable the academia, research, and corporate entities to boost the potential of the technology enhanced learning environments, by providing a forum for exchange of ideas, research outcomes, business case and technical achievements. Academics, independent scholars, researchers and students from all around the world are invited to meet, exchange ideas and discuss issues concerning all fields of Education.

The central theme of **eLSE 2018** is **eLearning challenges and new horizons**.

The conference is particularly focused, but not limited to the following panels:

1. *Trends and challenges of eEducation and eTraining for the Crisis Management and Security and Defence domains.*
2. *Pedagogy and psychology in new learning environments.*
3. *Technological innovations in eLearning.*
4. *Case studies in online education and training.*
5. *Social, cultural and ethical dimensions of eLearning.*
6. *Serious Games and gamification.*

The proceedings will be available on the <http://proceedings.elseconference.eu> and will be sent for indexation in CEEOL, PROQUEST, EBSCO and THOMSON REUTERS databases. Selected papers will be invited for publication in Journal of Advanced Distributed Learning Technology.
